

The 11th international renewable energy congress

March 24-26, 2020 Hammamet - Tunisia

CALL FOR PAPERS

The International Renewable Energy Congress (IREC) provides a forum for researchers, academicians, scientists and industrial professionals around the world on recent developments in the fields of renewable energy. The congress consists of keynotes, oral sessions and poster presentations. Considered as a catalyst for research works, the IREC publishes the best presented papers in partner journals.

Authors from academia as well as industry working within the scope of the congress subjects are invited to submit their papers. Submissions will be peer reviewed by our International Program Committee on the basis of full manuscripts. Acceptance will be based on quality, originality and relevance. Contributions should be original and not published elsewhere or submitted for publication during the review period.
